

**Director (f/m) of the ACOUSTICS RESEARCH INSTITUTE (ARI) at the  
Austrian Academy of Sciences**

As the leading non-university institution engaged in basic research in Austria, the Austrian Academy of Sciences invites applications for the position of **Director (f/m)** of the **Acoustics Research Institute (ARI)**. The Institute is located in Vienna, Austria.

The candidate must have a PhD and outstanding achievements in research as shown by high quality publications and a track record of external funding in Acoustics. Evidence of the ability to co-ordinate large-scale inter-disciplinary research projects and/or research centres is essential. The candidate must have expertise in at least one of the Institute's four main research foci which are in Physical and Computational Acoustics; Mathematics & Signal Processing in Acoustics; Acoustic Phonetics; Psychoacoustics and Experimental Audiology. Currently, the Institute has a staff of 21 scientists.

The position will be available from March 1, 2013. The function as director will be initially limited to five years (with the possibility of tenure after evaluation). The Academy offers a highly competitive salary.

Applicants should submit their CV, complete list of publications, and separate listings of (no more than 5) most important scientific publications, talks by invitation, third-party funded projects, academic awards received.

The Austrian Academy of Sciences is very much interested to increase the number of female scientists in leading positions. Therefore we encourage women to apply for this position. The Austrian Academy values diversity and is committed to equality.

Applications should be addressed to

**Dr. Alexander Nagler**

**Administration Office of the Section for Mathematics and the Natural Sciences**

**Austrian Academy of Sciences**

**Dr. Ignaz Seipel-Platz 2**

**1010 Vienna, AUSTRIA**
