

Announcement of an open position at the Faculty of Informatics,
Vienna University of Technology, Austria

FULL PROFESSOR (TENURED) of SECURITY

The Vienna University of Technology invites applications for a Full Professor position (tenured) at the Faculty of Informatics.

The successful candidate will have an outstanding research record in the field of computer security. He/she should have a comprehensive research agenda, and his/her work ideally spans multiple subareas of the field. We expect the successful candidate to establish links to several of the main research areas of the Faculty of Informatics.

The open position is affiliated to the Institute of Information Systems. The professor will establish his/her own group conducting research and teaching in the area of security.

Besides research, the duties of a full professor at the Vienna University of Technology include graduate and undergraduate teaching (in English or German) and contributing to usual management tasks.

The Vienna University of Technology is among the most successful technical universities in Europe and it is Austria's largest scientific-technical research and educational institution. The Faculty of Informatics, one of the eight faculties at the Vienna University of Technology, plays an active role in national and international research and has an excellent reputation. The main areas of research include Computational Intelligence, Computer Engineering, Distributed and Parallel Systems, Media Informatics and Visual Computing, as well as Business Informatics.

APPLICANTS ARE EXPECTED TO HAVE THE FOLLOWING QUALIFICATIONS:

Essential

- PhD or doctoral degree.
- Post-doctoral experience at a university or other research institution.
- An outstanding research and publication record.
- An excellent reputation as an active member of the international scientific community.

Desirable

- Experience in raising funds and in managing scientific research projects.
- Didactic skills and leadership abilities.
- Experience in university teaching.

Additional industrial experience and/or collaborations will be considered advantageous.

THE FACULTY OF INFORMATICS OFFERS

- Excellent working conditions in an attractive research environment.
- An attractive salary, including additional contributions to a pension fund.
- Additional financial research support during the first few years (equipment etc.).
- Support for relocating to Vienna (if required).
- A position in a city with an exceptional high quality of life.

APPLICATION

The Vienna University of Technology is committed to increasing female employment in leading scientific positions. Female applicants are explicitly encouraged to apply. Preference will be given when equally qualified. People with special needs are equally encouraged to apply.

Applications have to include

- A detailed curriculum vitae.
- A list of publications,
- Copies of the applicant's five most important publications related to the position together with an explanation of their relevance.
- A positioning statement, describing the applicant's vision on how to position and advance the field within the Faculty of Informatics in the areas of research and teaching, in particular in connection with the 5 main research areas of the Faculty of Informatics.

University professors belong to grade A1 of the Austrian Collective Agreement for University Staff and receive a minimum salary of Eur 64416.80 per year. Any higher salary agreement will be negotiated individually with the successful candidate, commensurate with qualifications and relevant experience.

Applications should be sent to the Dean of the Faculty of Informatics (Prof. Dr. Gerald Steinhardt), Erzherzog-Johann-Platz 1/180, A-1040 Vienna, Austria. The application package should also be sent in digital form (a single pdf on a CD-ROM).

Application Deadline: October 20, 2013
